"A FRIENDLY ZONE TO BUILD YOUR HOME"

VOL. XXV—No. 24 Cypress, California, Friday, March 28, 1952 5 CENTS PER COPY

SAID IN CYPRESS

By Newsy

There is a road marker outside of town which says "population 1318." We ought to kick about that one.

Constant reading of a sign, consciously or subconsciously, impresses facts upon the human mind which we never quite erase. Once we had a heated argument with our brother Paul about the altitude of Fonda, Iowa, where we lived from second grade through sophomore year in high school. We proved to be right, too. There was a sign over the depot, painted many years before. As the letters on the sign dimmed with age, we continued to decipher the altitude and distances from Fonda to the east and west coasts.

We had occasion enough to read the sign. In those days it was a general pastime to go to the station at train time and watch the "flyer," fast train on the Illinois Central line, "whizz" by. How we envied the passengers on the night "flyer" which was nonstop at our town on its way to Chicago. It wasn't until several years later, when we lived in Iowa Falls, that we finally realized our life-time ambition. Four of us girls rode the "flyer" to Chicago for the weekend!

An important duty of the small town editor was to check in at the depot for every "local" which made its appearance. The arrivals and departures of the citizenry were the greatest source of material for the week's news items. Greatest per cent of travel was by railroad, and you were a cinch to get the news if you made it to the station on time. We children often tagged along on these block-long pilgrimages, as even the slow trains held a fascination for us which kids today probably get when they visit the airport.

But we would never bemoan the "good old days" when the modern age can produce an extravaganza as satisfying as the International flower show now in process at Hollywood park. We arrived early at the gate on opening day, and were well repaid for rising earlier than is our wont on Saturday morning, and bucking the Saturday traffic. If you have never seen seven acres of flowers displayed, from hundreds of orchids and tulips right down to the tiniest miniatures you can imagine, then you should don your most comfortable shoes, hie yourself to Inglewood, and prepare to be thrilled by beauty.

The public's response and cooperation at Thursday night's chamber of commerce meeting was gratifying. That's what is needed. We don't want a big town, but we need a healthy growth and it takes a cross-section of public opinion to stay on the right track.

Building Permits

Buena Park had building permits representing $19,290 in valuation during the past week, according to county building department records. Cypress permits totaled $2600 in valuation. Total for the entire unincorporated area of the county was $520,830.

Buena Park permits included a $13,000 residence for B. E. Doyle at 6050 S. Indiana st.; a $5000 oil rig for the Texas Co. at Edwards and Carol streets, and $1290 in miscellaneous permits.

Cypress had $2600 in miscellaneous permits, including a $1000 residence addition for L. T. Behrens at 8821 Miller ave.

Al Campbell received medical attention in a veterans' hospital this week when it was discovered he is suffering from a serious ailment. He has returned to his home here.

Last Rites For Aged Cypressan

Death came early Tuesday morning to a long-time resident of Cypress. Mrs. Mary A. Lawrence, 90, died at her home, 4501 Lincoln ave.

Mrs. Lawrence was born in Henry County, Iowa, and came to Cypress from Mount Pleasant, Iowa, in 1915. She is survived by her son, H. W. Lawrence, Cypress; two grandsons, Glenn Lawrence of Cypress and Lester Lawrence, San Bernardino.

Funeral services will be held today (Friday) at one o'clock in Memorial chapel, Sunnyside Memorial park, Long Beach. Dr. George W. McDonald of the Methodist church, will officiate.

Patterson and Snively mortuary, in Long Beach, is in charge of arrangements.

Reveals Early Career With Henry Ford I

Speaker for the Cypress Kiwanis club Monday night was a man who spent 22 years with the Ford Motor company when it was an infant in American industry.

Jack Woolley, resident of Garden Grove and program chairman of the Grove Kiwanis group, told the Cypress members of his early associations with Henry Ford, and gave many interesting examples of the experiences he had with the company prior to the 1920's.

One tale was about John Malcomsen, Ford's first partner who sold out to Henry when he lost faith in the enterprise. His grandson is now vice-president of the Garden Grove Kiwanis club.

President Dick Hathcock had charge of the meeting, with Haskell Kelley presenting the program. Miss Alene Rogers was pianist and Wes Westover was a guest.

Donna Bradley Weds Sailor In Las Vegas

Miss Donna Bradley became Mrs. Larry Roy Duke, Jr., in rites performed in Las Vegas last Saturday, at fifteen minutes to midnight. The former Miss Bradley, daughter of Mr. and Mrs. David Bradley of 5641 Lincoln ave., was accompanied by her parents, an uncle, Stanley Elkins of Hermosa Beach, and a family friend. Mrs. Emily Townsend, also of Hermosa Beach. Justice of the Peace James H. Down, Jr., officiated.

The groom is the son of Mr. and Mrs. Larry Roy Duke, Sr., of Baton Rouge, Louisiana. He is a Seaman 1-c in the navy, and left on a four-day cruise preparatory to service in Korea, following the wedding.

The bride is a former student at Anaheim Union high school.

Mr. and Mrs. Earl Sartwell and Mr. and Mrs. Warren Cleek, enjoyed a visit this week to Newberry Springs, out in the desert.

YOU SHOULD REGISTER!

See Mrs. Frank Williams, 9060 Walker st., or phone Anaheim 60458 before the deadline, April 10.

P.T.A. To Have Installation Ceremonies

Installation of the newly elected officers of the Cypress P.T.A. will take place at the regular monthly meeting in the schoolhouse Thursday evening, April 3, at 7:30 o'clock. The date was set ahead one week because of Easter school vacation.

Mrs. John Daniel, president of the Anaheim Council P.T.A., will be the installing officer.

Mrs. Arthur Collins, historian, will give a report of the office which she holds.

Hostesses during the social hour following the meeting will be first and second grade room mothers.

RICHARD B. WHITE IS CANDIDATE FOR ASSEMBLYMAN

Richard B. White

Richard B. White, building contractor, has announced his candidacy for the office of state assemblyman of the 75th district, which includes west Orange county.

White, who was graduated from Santa schools, has been a resident of Orange county for the past 30 years and a resident of Westminster for eight years. He has been active in civic, club and political affairs.

He will support any legislation that benefits the great number of people, at the least cost to the tax payers.

Mr. and Mrs. Floyd Gardner, who have lived in one of the units at "Cypress cottages" on Camp and Watson streets, have moved into a home which they recently purchased on Nelson street.

Membership Upholds Board's Decision To Begin Sewer Survey

More than 50 Cypress Chamber of commerce members voted unanimously Thursday night to approve the previous decision of the board of directors and give the J. R. Lester Boyle engineering firm authorization to begin the survey for a sewage collection and disposal system for Cypress.

The report will give approximate costs to the taxpayer for establishment of a system, as well as possible solutions to the problem.

Many Attend

Many interested citizens were in attendance, showing extreme interest in the desperate sewage situation in Cypress. They listened to an informative talk by A. J. Woolley, of the Harrison and Woolley engineering firm of Santa Ana. His company is doing the work for the county on the outfall, a long-delayed project which is now underway after three years of debate and indecision by county officials.

John Gilbert, resident of Cypress for many years, contacted Woolley and asked him to speak to the group. Gilbert has been active in sewer work in Orange county throughout his career here.

The combined advice of the previous talk by Boyle and Woolley's views convinced those present that the best thing to do was get the survey underway as soon as possible.

RED CROSS DRIVE NEEDS VOLUNTEERS!

Month's end will see the finish of this year's Red Cross drive, an event which takes place annually in March.

Due to the many demands on the Red Cross this year, it is imperative that Cypress reach the goal set by the Anaheim chapter, of which this area is a part. The blood program in itself is a laudable service. And the tornado disasters in the east have made unexpected demands upon the Red Cross and its facilities.

In order to speed up the solicitation, extra help is needed. If you can spare a few hours some day soon, contact the Rev. W. D. Howard, pastor of the Cypress Church of the Nazarene. His phone number is Anaheim 60457. Your help will be appreciated.

H. S. STUDENTS FROM CYPRESS WIN HIGH HONORS

Cypress students at Anaheim Union high school have been receiving their share of scholastic recognition. Named Tuesday by Bank of America were winners of their achievement awards. Local students competed with seniors throughout the state.

Presentations in the cup division will be made in April to La Verne Stanley for Vocational arts. Certificate division winners include Elizabeth Van Hunnick, English; Robert Van Dyke, Agricluture and La Verne Stanley, Home Economics.

Actual presentations of awards will be made in Los Angeles, at which time amounts awarded to students will be made known.

Among students fulfilling requirements of three A's and one B for membership in the Honor society during the second semester were Mickey Gouyd and Jeannette Koss.

Hollis Family In Oklahoma For Long Stay

Mr. and Mrs. R. H. Hollis and son, Tommy, are on an extended visit to Oklahoma City, Okla. A brother, CPO Frank Lee Hollis who served aboard the USS Luzon in Korea, is on leave from the navy. Eugene Hollis, their brother in Oklahoma City, has been seriously ill, but word received this week indicates he is expected to recover. A fourth brother, Kenneth, is still in Korea.

Mr. and Mrs. Hollis leased their home at 5651 Vonnie Lane to Mr. and Mrs. Charles Daniel and family. The Daniel family will occupy the house until their newly purchased home in Lakewood is ready for occupancy some time this spring.

Among those who attended the benefit baseball game at Gilmore stadium sponsored by the Kiwanis clubs were Mr. and Mrs. Don Caul and Richard Hathcock, who took along six boys to fill his car.

Chamber News And Views

by Dale

It was encouraging to see over 50 people at the meeting Thursday night to get information on the sewer situation. A vote was taken and the engineers have officially been authorized to go ahead with the survey. I'll report later on how long they estimate it will be before they have the report done.

A sample of the kind of support we need so badly was shown by Wes Westover and his wife, of Camp street. People over there are having the same trouble the rest of us are with stopped up septic tanks, and they are anxious to have the remedy corrected by sewers.

Wes and I had a talk Monday night before the meeting, and he promised to come and bring some of his neighbors. He not only come, but had some cards announcing the meeting mimeographed, and his wife placed them in stores and the hands of people the next day. That was part of the reason for the large turn-out.

A couple of things have been brought to the Chamber's attention lately. One is the deep ditches of water along the PE tracks which won't drain, and children could drown in them. A candidate for the office of supervisor has promised to take the problem to the county and see what can be done.

There is also a make-shift sign at the corner of Holder and Lincoln designating Holder street. The Chamber will try to get a nicer looking one, but don't hold your breath until the job is done. Don Caul said he had some scrap lumber to make it, but no one has volunteered the labor yet. Maybe someone on Holder will come forth?

"EYEWASH" OR NOT?

Some people were quite shocked when President Truman termed presidential primary elections as "eyewash". Yet, in the final analysis, he may not have been far wrong. The fact is, that while some primary elections have been effective in knocking certain candidates out of the running, they have usually contributed little to the nomination of the candidate who polled the big popular vote. When the chips are down at the nominating conventions, the public voice is seldom heard. Willkie's selection in 1940 was an exception. But even then, he hadn't run in a single primary. If primary elections were universally held, and the delegates required to vote as instructed by the voters, they would have more meaning. As it is, they serve chiefly as indicators of the political wind's direction.

—Calif. Commentator

FOOD AND FEDERAL TAXES

Everytime the average California family sits down to the table it has an unseen guest who eats more of the family income than the family does itself. Figures released by the National Association of Manufacturers show that in direct and indirect federal taxes, the average family in the state pays $1,300 a year while spending only $1,000 at the local retail food stores. Even an income as low as $500 a year is taxed $66 in one form or another.

Of course, if we're happy paying these imposts and care little how the money is spent—and much is spent without regard to actual necessity—we can go on giving the government an ever larger share of our earnings. But if we're not happy about it (and we believe most of us are not) we'd better start making our voices heard. And that means not just griping to each other but telling our congressmen how we feel.

It's a certainty that we can't endure indefinitely the philosophy of spend, spend, spend and tax, tax, tax. A halt must be called somewhere. It may be that a limitation, on the taxing power such as the proposed 25 per cent ceiling already endorsed by many state legislatures will be the answer. But an answer must be found.

And we'd better find it—quick.

COUNTY COMMENT

By GEORGE E. HART

Orange county agriculture was entitled to take a special bow at the San Bernardino National Orange Show.

All three of the judges of fruit quality at the orange show were from this county.

Two of them, Executive Secretary C. J. Marks of the Orange County Farm Bureau, and L. F. Finley of Orange, manager of the Fullerton Mutual Orange association, have been on the judging staff for some time. Finley is senior member of the judging staff, with Marks next.

This year the third judge also was from Orange county, at least partially. He is Roy Anderson, who is manager of the MOD juice plant at Anaheim, though he maintains residence at Mentone, near Redlands. It was Anderson's first time on the staff and the first year that all judges were from Orange county.

Although the entire area was reported water-logged even before the heavy rains last week, and there was prospect of considerable water waste in run-off to the ocean, the spreading grounds on the Santa Ana river near Yorba are in the best condition they have attained in a number of years.

Such is the word from Trafford Watson of Olive, vice-president of the Orange County Water district and chairman of its water spreading committee.

Trafford, who also is a director of the Santa Ana Valley Irrigation Co. and the Santa Ana River Development Co., reports that the spreading grounds, which were badly silted after seven years of subnormal rainfall were extensively scoured out by the big storms of January. The storm waters cut away from 12 to 18 inches of the silted surface and washed it down the river, he observed.

Last week's storms probably scoured some more. It is the first good scrubbing the river bed has had in 10 years—since 1942, when 33 inches of rain fell.

Wastage from the latest storm doubtless will bring finger pointing and "I told you so's" from water interests which asked the county supervisors several weeks ago to stop the flow of Colorado river water purchased by the county flood control district.

Orange County Water District directors said the river channel and spreading grounds were so saturated just below the surface that the water flow should be stopped and the ground allowed to dry. Another heavy rain could not be absorbed otherwise and there would be extensive water waste, they said.

The supervisors and their engineer didn't agree and didn't turn off the water until it rained.

The water district people point to the rancher in Halladay basin, near the Yorba spreading grounds, whose land became so badly water-logged (before the last rains), he said, that he asked the Anaheim Union Water Co. to start its pumps in that area and pull the water away from the bottom side of his ranch.

So the water district will say the waste could have been avoided, and the supervisors will say that whatever run-ofl there was came mostly from Santiago creek, way down river, and not within range of salvage anyhow.

If anybody knows how to prove which side is right, just keep it to yourself. You might decide the argument, but you wouldn't stop it.

Lodge Votes To Support Truck Project

Cypress Odd Fellow lodge No. 77 held a meeting Tuesday evening. Gene Kelley and Victor Sherron, members of the Cypress Volunteer Fire department were visitors. They told of the need of support from civic organizations and individuals for help in raising funds to purchase a rescue wagon. This will be used to carry the new resuscitator and other equipment on rescue missions. The lodge donated $10 and agreed to push sales of tickets individually.

Lewis Cleveland was named delegate to the grand lodge session at Long Beach in May. J. B. Markwood was named alternate delegate. Markwood has been a frequent visitor and helpful advisor and friend since the Cypress lodge was instituted. He recently transferred from a Texas lodge to the local unit.

C. C. Horn, vice grand of Anaheim lodge No. 199 was a guest. He presented a resolution calling for a one-third cut in the grand lodge per capita tax. It was passed and will be brought up at the Long Beach session.

Karl Beason and Gerald Milbourn attended a committee meeting to arrange for the Orange County IOOF picnic at Westminster. The affair is set for Sunday, April 27.

Mr. and Mrs. Theodore Priddy are enjoying a week's vacation. Their children are being cared for in their home on Saint Ann avenue by his mother, Mrs. Malvern Blake of Long Beach. Priddy is a mail carrier in Long Beach.

Benefits, Gifts Keep Auxiliary Busy

An old-fashioned box supper will take place at the VFW hall Saturday evening at 6:30 o'clock. Proceeds will be donated to the cancer research fund of the auxiliary to the C. R. Rogers VFW memorial post no. 9847. Mrs. Malvern Blake, chairman of the fund committee, is in charge.

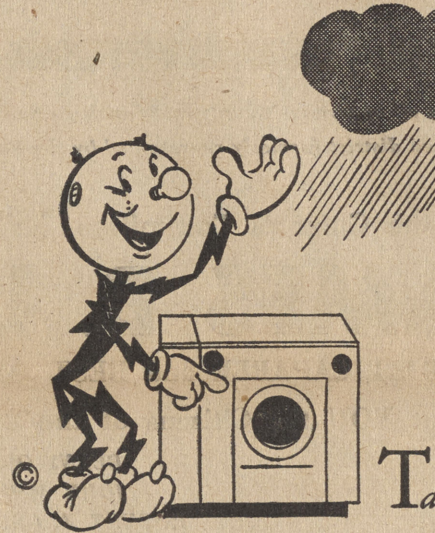
Last Sunday the auxiliary served a spaghetti dinner during the afternoon at the meeting hall. Proceeds from this affair will be used as a gift to the "sunshine" fund of the national home. The institution is maintained by the national organization at Eaton Rapids, Michigan, to aid widows and orphans of veterans who served overseas. Mrs. Ray E. Lucas, chairman, was hostess Tuesday evening to her committee members who helped prepare for the benefit, as a gesture of her appreciation for their assistance. Enjoying dinner and a pleasant evening were Mmes William Cowen, Henry Muesse, E. E. Goodman, Castella Rogers and J. E. Smith.

Other donations voted at a recent meeting included $15 toward the purchase of an oversized wheelchair by the Cypress Coordinating council. Another $10 was tagged for the Cypress volunteer fire department which is sponsoring a campaign to raise funds to purchase a "rescue" truck to carry the resuscitator and other first-aid equipment. Mrs. K. E. Johnson was named chairman of the ticket sales committee for this project. Money was also voted to be sent to the Frazier Park auxiliary in answer to an appeal for contributions for its building project. VFW day at San Fernando veterans' hospital set for April 20 was recipient of a nominal sum.

Mrs. E. E. Goodman, president, has announced that chairman of standing committees will send their final reports of the fiscal year to the district chairmen by April 7. She has called a meeting in her home for the evening of April 3 to prepare the reports.

Robert Norton, son of Mr. and Mrs. J. E. Smith of 5701 Vonnie Lane, began work last week as a new employee for the Southern California Edison company. Norton was recently released from the navy following ten years duty.

Mr. and Mrs. W. J. Nichols left Friday for their home state of Georgia. Nichols was recently released from the service. They made their home at "Cypress cottages." Mrs. Nichols has been a clerk in Henry's drugstore.



Take it from me—you'll like electric drying! With an automatic electric clothes dryer, you're forever free from "wet weather worry" about washday. Clouds in the sky don't mean a postponement. You don't have to set foot outside. And it lets you keep an "on time" schedule, with no wondering when —and if—your clothes will get dry.

Glen McCloud Says

We all want prosperity! Orange county has, since the first settlers moved across deserts and plains to settle our cities and rural areas, enjoyed more than an average amount of prosperity.

Now, since the end of World War II, the district has become the new horizon of selected industry which is a credit to communities and rural regions alike. Added payroll means more business for our stores and professional men—more consumers for our agriculture and a healthy outlook for the future.

Industry, like labor, agriculture, and the small business man, requires cooperation and understanding from government as well as the individual. After all, who is industry? It is management working with labor for the benefit of both. Industry to succeed, must work with all elements of the people, and must interest itself in honest government, for after all—most industrial companies are made up of stock-holders who may be you or me.

We, the residents of Orange county welcome clean, progressive industry to our midst.

CANDIDATE FOR 75th ASSEMBLY DISTRICT (Pol. Adv.)

CANDIDATES FILE

Richard D. White of Santa Ana crossfiled for assemblyman of the 75th district this week. Frank Rospaw of Placentia had filed earlier on the Republican ticket and filed on the Democratic ticket on Tuesday.

Lester van Tatenhove, who opposes crossfiling, filed for Democratic assemblyman in the 74th district. He was formerly chairman of the County Central Committee of the Democratic party. van Tatenhove will oppose Earl Stanley, Republican, who filed on both tickets for re-election.

Forum Film Shows Quest For "Lost City"

An exciting, full-color motion picture following the gruelling and finally successful search for the Lost City of the Mayas will be the feature of a program to be presented by the Anaheim Union evening high school at 7:30 on Monday, March 28, in the school auditorium.

Narrated by Dana and Ginger Lamb, famous American explorers who make their home in nearby Santa Ana, the film covers the dramatic conquest of the couple in the impenetrable jungles of Mexico and Guatemala.

Armed only with machetes and .22 caliber pistols, the Lambs made most of their unique expedition alone.

Dana Lamb got into his life of adventure when only 16. He ran away from his Santa Ana home and wound up in Africa. He and Ginger made their first trip some 10 years ago—a trip to Panama in a canoe.

BAPTISTS SEW AT MEETING NEXT WEDNESDAY

Fourteen members of the Baptist Missionary society met in the church Wednesday. Mrs. Cola Allen had charge of the Bible study after she opened the session with a song, with Mrs. Leslie Davis at the piano.

Each of the ladies read a passage of scripture on the subject of "courage" and a discussion followed.

Next Wednesday there will be an all-day meeting to repair clothes to send to the Indians in Arizona. A covered dish luncheon is scheduled for the noon-time.

It is **IMPERATIVE** that the 28th District* of California Elect the **MOST CAPABLE MAN** to Conaress . . .

**Comprising all of Orange County and Northern San Diego County — the newly formed district formerly represented by the Hon. John Phillips.*

We, the Citizen's Committee, believe that

JAMES B. UTT

Is the MOST CAPABLE and BEST QUALIFIED to represent YOU the Citizens of the 28th District.

BENNY OSTERMAN, Chairman
JOHN McKITTRICK, Secretary
ROBERT A. GEIER, Campaign Mgr.

Campaign Headquarters 514½ N. Main St., Santa Ana, Calif. - Phone KI 3-8177

COMPARE HIS BACKGROUND AND QUALIFICATIONS

Born in Tustin, (Orange County) California. Over 50 years continuous residence in this district. Graduate of Orange County Schools and USC Law School. Practicing Attorney in Santa Ana. Four years legislative service as Assemblyman from Orange County. Sixteen years in the State Controllers Office as Inheritance Tax Appraiser.

Chairman of Legislative and Taxation Committee of Associated Chambers of Commerce. Engaged in Citrus and Agriculture most of his life. Member of Tustin Presbyterian Church for thirty-five years. Is married and has one son and a grandson living in Santa Ana, California.

JAMES B. UTT

SOME OF THE PROPOSITIONS FOR WHICH HE STANDS

The dignity of the individual should be protected and insured.

The sovereignty of government should not rise above the sovereignty of the State or of the individual.

An atmosphere in Government should be created which will insure individual rights of life, liberty and the pursuit of happiness.

Moral responsibility and public trust should be re-established in government agencies.

The encroachment upon our water rights by the Federal government should be stopped.

The Declaration of Independence should be made as effective today as it was in 1776.

The tide lands should be returned to the states.

Non-essential and non-defense spending should be curtailed.

Honesty in government should be made a virtue instead of a farce.

Our foreign policy should be made a matter of determination by Congress and not one of personal determination by the Executive Department.

M. PLANTINGA NOTES BIRTHDAY WITH PARTY

Marvin Plantinga celebrated his twelfth birthday Sunday, when a group of neighborhood youngsters gathered to help him. Television was the main diversion, and a few games were played outdoors in the yard.

His mother, assisted by his sister, Miss Frances Plantinga, served cup cakes, ice cream, candy and peanuts to the guests at the close of the afternoon. Marvin is the son of Mr. and and Mrs. Gerrit Plantinga, 5411 Camp st.

Helping him note the occasion were Zelda and Joyce Anderson; Harold, Charles and Joann Ogle; Johnny and Georgie Holetz; Kenny and David Howery; Raymond, Terry and Bill Edwards; Ronnie Speaks, and his sisters, Helen and Margaret Plantinga.

Mrs. Gerrit Vander Mei, 9054 Watson street, was operated on at Seaside hospital in Long Beach Monday morning.

Your "M. D."

A LICENSED DOCTOR OF MEDICINE

Your Doctor of Medicine (M.D.) receives at least eight years of college training before graduating from medical school. He then serves an internship of one year or more in a selected hospital. He is licensed to practice medicine and surgery by the State of California. Through medical publications and intensive postgraduate courses, *his education never stops.*

HIGH, ETHICAL STANDARDS

For more than 2,000 years, physicians have abided by the high ethical, moral and professional qualifications which are requisites for membership in the medical society. The ethics of medicine were written and are enforced *solely* to protect the best interests of the public at all times.

DEDICATED TO THE PUBLIC INTEREST

Your doctor's prime responsibility is the protection of your health and welfare. He recognizes that his profession has a further responsibility in related fields of medical economics, health legislation, community health and welfare, hospital standards and voluntary prepayment health insurance.

Your doctor and his medical society invite your constructive cooperation and valued support in promoting the ever-improving standards of medical care.

Keglers Bowl Final Matches

Three Cypress kegling teams ended their winter league action in the Friday Handicap league at the Buena Park Bowl last week. They will bowl their sweepstakes tonight, and compete in the Orange county tourney at Buena Park next week.

Cypress VFW No. 3, who has been winning consistently during the last two months, won from Orangethorpe Hay company, 3 to 1. VFW No. 2 lost three and picked up one from Nutrilite. The locals lost the second game by three pins, and the series by eight. Chuck Sanders was high with a 189.

The Enterprise lost to the league leaders, Lalicker's Dry Goods, 3-1. Don Cole was high with a 166.

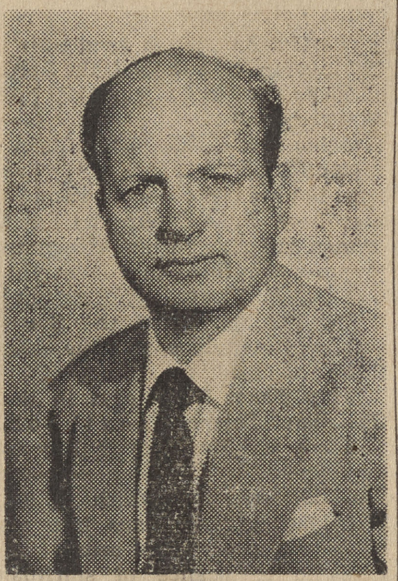
Faulkner Points To Need For Representation



Edward Faulkner

In announcing his candidacy for Supervisor of the 3rd district, Ed Faulkner reminds voters that the representative chosen is our direct contact with the county level of government.

He points out that all benefits and improvements accruing to the district are due directly to the action and ability of the man elected to represent us. If this representation is slow or inactive, the benefits to the district reflect this attitude.

Youth combined with experience is needed to make the largest district in the county assume its proper importance in the supervisorial chambers. This means your vote for Ed Faulkner is your assurance of progressive government.

—Pol. Adv.

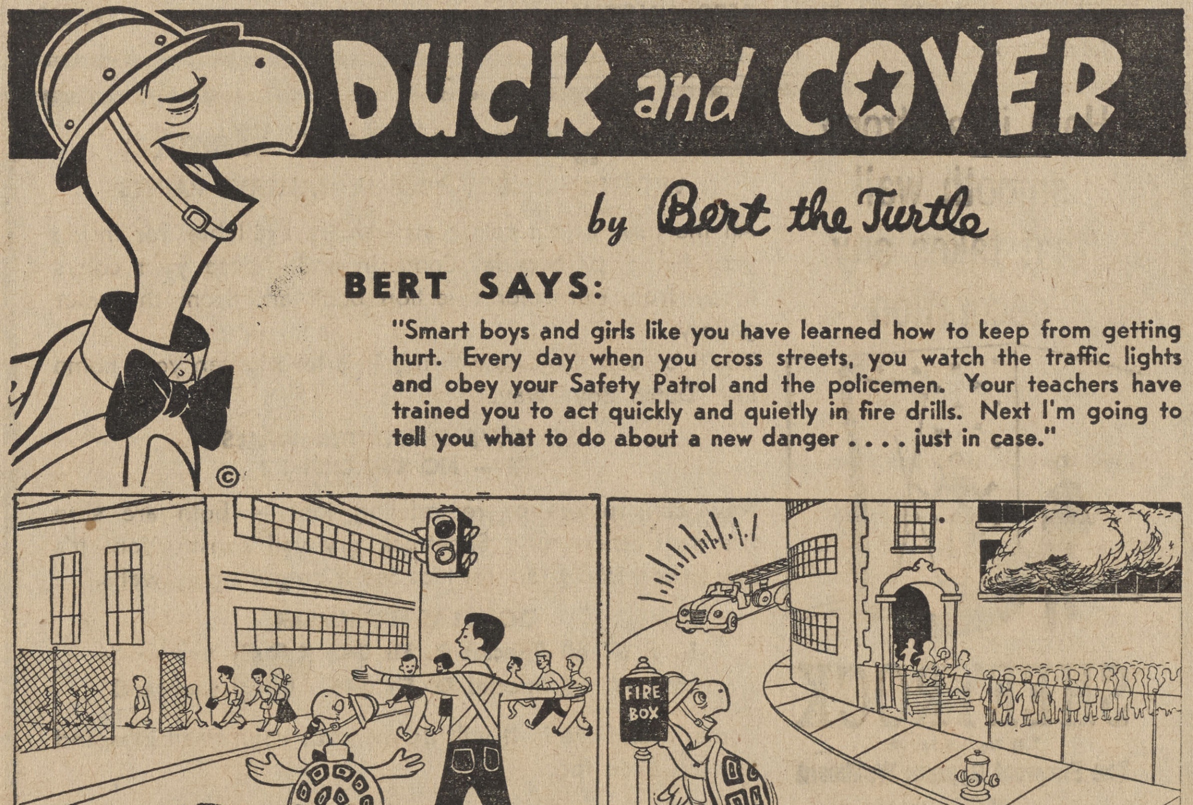
Civil Defense Program Starts Second Half

Half of the major activities that will be employed in event of civil disaster have been organized in Orange county, it was announced this week by L. A. "Dan" Patch, civil defense coordinator. Work is well along with organizing the remaining half of the program, he said.

Traffic control, law enforcement, fire control, communications and medical care are the five activities completely set up, said Patch. Plans and procedure for the remaining five parts of the 10-point preparedness program are ready, said Patch.

Most elaborate set-up is that for medical care. Twenty-three first-aid stations have been designed, and five high schools are to serve as hospitals, now being equipped with emergency supplies. All doctors and nurses have been assigned duty stations in event of emergency. A warehouse of medical supplies has been stocked.

Patch said that 2800 men and women have been registered by the civil defense organization and assigned to duty.



BERT SAYS:

"Smart boys and girls like you have learned how to keep from getting hurt. Every day when you cross streets, you watch the traffic lights and obey your Safety Patrol and the policemen. Your teachers have trained you to act quickly and quietly in fire drills. Next I'm going to tell you what to do about a new danger . . . . just in case."

CHRISTIAN SCIENCE SUNDAY TEXT 'REALITY'

Health, harmony, progress and perfection will be manifested to the extent that God and His perfect universe is understood, the Sunday Bible Lesson on "Reality" in all Christian Science churches points out.

The Golden Text is from Isaiah (6:3): "Holy, holy, holy, is the Lord of hosts: the whole earth is full of his glory."

In his first epistle to the Corinthians Paul writes (2:9, 10), "Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God."

Mary Baker Eddy says in the Christian Science textbook, "Science and Health with Key to the Scriptures," "Spirit imparts the understanding which uplifts consciousness and leads into all truth." "The corporeal senses can take no cognizance of spiritual reality and immortality." (pp. 505, 488).

Mother From Iowa Visits

Mrs. Mamie E. Howard of Wayland, Iowa, is visiting her daughter, Mrs. Madge Lyen, until April first.

Mrs. Howard is looking forward to a visit at Knott's and a ride on old 41. Mrs. Lyen's father was a station agent on the D. & R. G. and the R. G. S. railroad for about twenty years. This will be the first time in their lives they ever paid a fare to ride it. In fact they have traveled all over the United States on passes.

Mrs. Howard brought with her the sad news that Mrs. Lyen's uncle in New York City passed away. W. A. Irvin was president of United States Steel Corporation for nine years, when ill health forced him to retire as chairman of the board.

He was chairman of the National Safety Council for about eight years. He and Mrs. Irvin were in California in 1948. He was on a speaking tour of the United States in connection with the Safety Council and visited in Cypress at that time between speeches in Los Angeles.

Stenographic Exams Open

A civil service examination is now open to the general public for the position of stenographer, GS-2, $2750 per year, and stenographer, GS-3, $2950 per year. The purpose of the examination is to fill vacancies at Federal Agencies in the Long Beach, Los Angeles, Pasadena, Santa Ana, and Santa Monica areas. No experience or training is required for these positions. Competitors will be required to pass written tests in order to qualify. Interested persons may report to the secretary, Board of U. S. Civil Service Examiners, at the post office in Long Beach, Los Angeles, Pasadena, Santa Ana, and Santa Monica, to take the written tests. Necessary application forms may be secured from any first- or second-class post office; from the director, twelfth U. S. Civil Service Region, 630 Sansome street, San Francisco 11, California; or from the board of U. S. Civil Service Examiners, Eleventh Naval Disrict (Nothern Sector), 1206 Santee street, Los Angeles 15, California.

FIRST BAPTIST CHURCH NEWS

by Rev. Jack Tutor

The First Baptist church of Cypress is really an alive church these days. The men have been working quite steadily on the building. We are preparing for a Layman's Revival to begin April 18. Local preachers will do the preaching. The public is invited and urged to attend.

Last Saturday evening Brother Cohn Brister met with the boys of the church, aged 9 through 16, to explain to them the fundamentals of Royal Ambassador work. Next Thursday at 7:30 p.m. the boys will meet to organize their chapter and apply for a charter. All Junior and Intermediate boys are urged to attend. Rev. E. W. Darnell is the counselor.

The Women's Missionary society meets every Wednesday afternoon at 2:30. The program this week was a Bible study on the subject "Courage—Fear".

Mrs. Ruby Stinson and Mrs. Geneva Gibson are the counselors for the Sunbeams who meet every Thursday afternoon at 3. This is for children between the ages of and 8 inclusive.

Mr. Bishop, who just recently moved here, is in the hospital with an eye injury.

Mrs. Shapsnider was operated on last Friday in Fullerton.

Shirley Swafford is still in a cast.

Most of those on our sick list are much improved, and we are looking forward to a great time in the Lord's work.
